

Hello fellow divers ! The holiday season is upon us and me like you are going crazy getting ready for the beautiful season that it is. The trees are going up and getting trimmed and we are all out running errands trying to get the best deals for gifts. It is hectic but fun ! Makes one feel alive !

The water temps are dropping but the fish are in ! If you can tolerate the cooler Gulf temps and dodge the winds you can get a boat load of fish ! Hurry ! The fishing ban on Grouper and Snapper will go into effect on Jan 1,2010. The season is closed for taking until May 1st. ! This will give the fishies plenty of time to regroup and multiply !This will be a good time to relax for the winter months and get ready for some spring time fishing ! I will now get you caught up on the latest.

SSS CLOSING FOR THE WINTER MONTHS

Yes divers we will be closing our location here in New Port Richey after 9 years. The area has gone down quite a bit and the hotel next door has caused many problems with the type of clientele it allows. It is time to look for another location. It will still be within your area but we are forced to cut back on expenses and regroup after the economy has not recovered as we possibly thought it would. This will save us plenty of money and the winter months are the slowest for us. We will continue doing trips, repairs and classes. The new contact number will be 727-534-5929. We will let you know when we choose our new location and give you all the contact info that you will need. This is being done so we can survive this drop in the economy until things get better allowing us to stay in business. SSS understands that so many of our divers have lost jobs or have been cut back in pay and just cannot afford to dive as much or travel as much as they have been. It will come back and things will get better. Until then, we all need to regroup.

As always SSS would like to thank you for all of your patronage throughout the 15 years we have been here serving the community. We also thank you for the trust you have had in us for the great professional dive training and fantastic dive travel we offer. As I have mentioned before, there is not a dive shop in the world that I know of that does the dive trips that we do from local to the other coast and Keys to out of the country including live a boards. We also boast and will continue to have a 100% safety record for the 15 years we have been in business. No too many dive shops can boast that !

We at SSS would like to wish all of you a very Merry Christmas and a wonderful holiday season no matter what holiday you are celebrating. Happy New Year's! Remember if you are drinking please do not drive ! We want to see you around next season !
